

DIGITAL FABRICATION SEMINAR

WITH

LIVE MACHINE DEMOS!!!!

THURSDAY, JUNE 20TH

HOSTED BY

WHERE:

TRADEMARK UNIVERSAL STONE
4103 BISHOP LN LOUISVILLE, KY 40218

WHEN:

THURSDAY, JUNE 20TH
9:00AM - 3:00PM

CONTACT / SIGNUP

MIKE BROMMELAND

(248) 804-1413

LIVE MACHINE DEMONSTRATIONS

Adding a Robo SawJet to your fabrication process is the #1 way to increase profitability by reducing material cost by 10% to 15% through maximizing slab yield. In addition, Robo SawJet reduces the amount of downstream processing by reducing up to 4 hours of work on every slab by completing all arc cuts, radius cuts, sink openings and faucet holes during the sawing process. With an average cut time between 15-20 minutes per slab, you can let the saw complete 90% of your work.

WATERJET CUTS

SAW CUTS

- **PRODUCE UP TO 30% MORE ON THE ROBO SAWJET WHEN COMPARED TO GANTRY SAWJETS**
- **CUT SINKS, ARCS, FAUCETS, & RADIUSSES ALL ON MACHINE**
- **LOWEST TOTAL COST OF OWNERSHIP OF ANY SAWJET**
- **SMALLEST TWO TABLE FOOTPRINT IN THE INDUSTRY**

*SAW USED TO MAXIMIZE SPEED

*WATER JET ONLY USED IN NON-LINEAR CUTS & ELIMINATES BLADE OVERTRAVEL

LIVE MACHINE DEMONSTRATIONS

MITER X

- INCREASE CUTTING CAPACITY ON MAIN SAW
- DECREASE LABOR BY CUTTING MITERS CONSISTENTLY
- TIGHTER VEIN FLOW BY LOSING LESS MATERIAL
- MAKE PERFECT MITERS EVERYTIME

BBM PALADIN CNC ROUTER

- 24,000 LBS OF FULLY WELDED STEEL
- PRECISION BALL SCREWS THAT MAINTAIN ACCURACY & PREVENT GEAR LASHING
- TWO TABLE SIZES: 14' x 8' & 16' x 8'

PARTNER PRESENTATIONS

VERSA

NEXT GENERATION 5-AXIS CNC

- FULL 5-AXIS CUTTING + MILLING CAPABILITIES FOR SINKS, ARCS, RADII & MORE
- MULTI-TOOL (9) POSITION AUTOMATED TOOL CHANGER FOR UNINTERRUPTED CYCLES
- GALVANIZED TABLE & MONOBLOCK STRUCTURE

PURE

WATER FILTRATION SYSTEMS

- UPGRADEABLE TO CRYSTAL-CLEAR WATER
- AVAILABLE IN : 80, 120, 180, 240 & 320 GALLONS PER MINUTE
- CLOSED LOOP WATER SYSTEMS

COMANDULLI®

OMEGApencil

- PRODUCE EASED EDGE AT 2' PER MINUTE
- EDGE DETAILS: FLAT POLISH, EASED EDGE, BEVEL, FULL BULLNOSE, HALF BULLNOSE & MORE
- CONTINUOUS PROCESSING FOR MAXIMUM THROUGHPUT

SEE PAST EVENTS!!!

**LIVE DEMOS @
COUNTERTOP SOURCE
ST. GEORGE, UTAH**

**PRESENTATION @
CLASSIC GRANITE & MARBLE
POWHATON, VIRGINIA**

PRESENTATIONS BY

E **SPEED** *template*

- **\$299/mo SUBSCRIPTION. SPEED TEMPLATE LASER INCLUDED**
- **EXCEPTIONALLY ACCURATE, REMARKABLY SIMPLE**

ZOLLER
expect great measures

- **INCREASE CNC TOOL LIFE BY 2-3x BY DIGITALLY MEASURING TOOLS**
- **MINIMIZE TOUCH UP & PRODUCE CONSISTENT EDGE QUALITY**

FLY TO DETROIT

FLY TO DETROIT AT OUR EXPENSE AND LEARN HOW ADDING THE RIGHT FABRICATION EQUIPMENT TO YOUR SHOP CAN BE THE SINGLE MOST IMPORTANT STEP THAT YOU TAKE TO GROW YOUR BUSINESS
